Dear Members of the Commission:

On behalf of the applicant in the above-referenced case, enclosed please find the following two documents:

1. A copy of the executed First Source Employment Agreement with the Department of Employment Services. This satisfies condition no. B11, which requires the submission of a copy of such executed agreement prior to issuance of a building permit.
2. A certified copy of the recorded PUD covenant. This satisfies condition no. C2, which requires the submission of such a copy prior to the issuance of a building permit.

Should you have questions or need more information, please have your staff contact me.

Sincerely,

Cary R. Kadlecek
